

TOWN OF SUFFOLK

THINK IT WAS MURDER

Isle of Wight Negroes Do Not Agree With the Authorities.

STORIES ABOUT SOME LARGE HOGS

John Archer Buried—Old Enough to
Harry—Factories Busy Making
Good Times—Skating Parties
Looking for Ice—Sidney Johnson
Is Crazy—Notes and Personal.

Suffolk, Va., Feb. 3.—(Special).—The colored people near Gay's mill, in Isle of Wight county, are very much aroused about an alleged murder which the authorities have decided was accidental shooting. Ed. Page shot India Walker. She died almost immediately. Justice George M. Crumpler inquired into the matter officially, and as there was no evidence of murder, a verdict was rendered that the shooting was not intentional.

Still there is resident element not nearly satisfied in their minds. They think crime has been done. It is charged the deed was done during a fit of jealousy.

TOO BIG TO STEAL.

The citizens around Holland, ten miles from Suffolk, read about Mr. William Rawles' 786 pound hog in to-day's Virginia without seeing anything remarkable in its weight. Some of the farmers around there, who are noted for fine stock, don't regard Rawles' specimen as much more than a pig.

Mr. L. A. Luke, a large merchant at Holland, telephones The Virginian about a hog which Mr. J. M. Duke, who lives two miles from there, killed yesterday. Mr. Duke's hog weighed 825 pounds net. The animal, owing to limited facilities, could not be weighed alive, but its gross avoirdupois is estimated at 1,000 pounds. Mr. Luke is thoroughly reliable and can vouch for the story. The hog was two years and four months old. It was of no distinct breed.

THEY LAID HIM AWAY.

A good sized crowd of sorrowing friends and relatives went to Bethlehem Christian church, in the county, this afternoon to attend the obsequies of the late John Archer. Rev. H. H. Butler, of Suffolk, conducted the exercises. The deceased was about 45 years old. He named the pall-bearers a few days before death. The deceased leaves a wife and children.

OLD ENOUGH TO MARRY.

A venerable colored citizen took unto himself a bride to-day. It was Pharaoh Smith, 60 years old, who was wedded to Annie Savage, twenty years his junior. Rev. William Thompson performed the ceremony.

LOT SOLD.

Dr. A. W. Eley and wife to-day transferred by deed to Charles A. Vick, one lot on Kilby street; consideration, \$1,300.

FACTORIES ALL BUSY.

Suffolk's mills are doing their share towards making times better. Suffolk is essentially a town of lumber and wood-working plants, and they are putting in some hard ticks—the saw mills, planing mills, box factories, barrel factories, butter dish factory, knitting mill and all—none of them is idle. The peanut factory is getting down to business and may already be reckoned among the town's permanent industries.

LOOKING FOR ICE.

Numerous parties of skaters have been hunting adjacent lakes and frog ponds to-day in search of ice—some that was thick enough to hold them. Skating around here doesn't come often, and it's in demand. Strong ice was found on some of the small lakes and pretty good sport was enjoyed. The water in Lake Kilby is not even crusted yet.

MR. JOHNSON CRAZY.

The Suffolk Herald's Courtland correspondent says Mr. Sidney Johnson has been found insane. Justices John I. Turner, J. T. Moore and H. W. Everett were on the commission of lunacy. His brother gave bond for the insane man's safe keeping till he can be taken to the Eastern Lunatic Asylum at Williamsburg.

Cure Constipation

and you cure its consequences. These are some of the consequences of constipation: Bilioussness, loss of appetite, pimples, sour stomach, depression, coated tongue, night-mare, palpitation, cold feet, debility, dizziness, weakness, backache, vomiting, jaundice, piles, pallor, stich, irritability, nervousness, headache, torpid liver, heartburn, foul breath, sleeplessness, drowsiness, hot skin, cramps, throbbing head.

Ayer's Pills

Dr. J. C. Ayer's Pills are a specific for all diseases of the liver, stomach, and bowels.

"I suffered from constipation which assumed such an obstinate form that I feared it would cause a stoppage of the bowels. After vainly trying various remedies, I began to take Ayer's Pills. Two boxes effected a complete cure."

D. BURKE, Saco, Me.

"For eight years I was afflicted with constipation, which became so bad that the doctors could do no more for me. Then I began to take Ayer's Pills, and soon the bowels recovered their natural action."

WM. H. DELAUCETT, Dorset, Ont.

THE PILL THAT WILL.

SPOKEN OF BRIEFLY.

The Norfolk and Western railroad will soon build a new set of truck scales in Suffolk. Stone for the foundation has arrived.

Miss Laura Leigh McLeod has been sick for several days. She's getting better now.

There will be revival services at the Baptist church in a month or so.

Mr. Fletcher Campbell, of Ashland, Va., is being entertained by his brother, Dr. H. Wood Campbell, of Main street.

Miss Sue Eggleston is visiting relatives in Hobbsville, N. C.

Mr. James C. Causey left this afternoon for a short visit to Bosley, N. C.

Miss Emma Gilliam has been visiting in Richmond this week.

Miss Julia Almond yesterday celebrated her 16th birthday by a reception to some of her young friends.

Miss Lula Powell, of Windsor, has concluded a long visit to her aunt, Mrs. S. W. Ashburn.

Mr. J. C. Hubbard has finished a sly with friends in the county.

The young people of Newsoms are fixing for an old fashioned cake walk, feeling and all.

Miss Virginia Jordan has been in Smithfield this week as the guest of her cousins, the Misses Wilson.

Miss Mary Sue Etheridge, of Gates county, N. C., arrived in Suffolk to-day for a short visit to Miss Lizzie Morgan.

Mr. A. C. Nurney has returned from Margarettsville, N. C., where he filled some building contracts.

Do you know that we sell the best Life Insurance Policy to be bought anywhere?

We represent the Union Central, which is absolutely the best company which writes business in this section.

Our Twenty Payment Life Policy cannot be equalled by any contract offered by any other company, while our Life Rate Endowment policies are the cheapest and best endowment insurance written.

In these you pay ordinary life rates and get an endowment contract.

You will lose money if you insure before seeing us.

We also sell the very best Fire and Accident Insurance.

WOODWARD & BLAM,

Suffolk, Va.

NEWPORT NEWS.

Fatal Fall—Murderous Assaults—Robberies on the Streets.

Newport News, Va., Feb. 3.—(Special).—Mr. Griddenton, a carpenter in the employ of the Virginia Supply Co., while climbing the ladder of hold No. 1, of the German steamship Catania, at 2:30 this afternoon, and fell to the deck beneath, fracturing his skull, which caused almost instant death. Coroner Gary and Dr. A. C. Jones examined the corpse and the surroundings. They deemed an inquest unnecessary. Undertaker Hange was called upon to remove the remains. The deceased leaves a wife and two children who reside on Virginia avenue.

During the past two days combative proclivities have cropped out to an alarming extent. On Tuesday night James Mariz was assaulted on Twenty-third street (Rockets) by two unknown men, who used formidable looking clubs to give their victim his quietus. Colored people who occupy the tenement houses in front of which Mariz was assaulted, heard the outcries and saw the men beating Mariz, but were afraid to interfere. Mariz was taken to his home, where he remains in a critical condition. On the same night Archie Swan, a countryman, was assaulted, held up and robbed at the corner of Lafayette avenue and Thirtieth street. One man held a dangerous looking revolver to Swan's head, while another went through his pockets and secured \$2.50, the only thing of value the man had on his person.

Last night Henry Latimer, a colored man, was brutally assaulted near Hotel Warwick, on Twenty-fourth street. Latimer's assailant struck him to the ground with a bludgeon and fled. Latimer, in a state of coma, was carried to his home, where he received medical attention.

Captain Warren S. Lury, of Harrisburg, Va., who is a prominent Republican in the Valley, is in the city with a view of making Newport News the home of his adoption.

Newport News Lodge, B. P. O. Elks, is making preparations to give a ladies' social at the opera house on the night of the 15th instant.

Total exports from Newport News during January were valued at \$2,929,128, being about \$700,000 greater in value than the exports of the same month last year.

The amount of coal dumped by the C. & O. during the past month was 187,430 tons, a record breaker in the history of the port.

Rev. Father Deacen, of Baltimore, who has been visiting Father C. E. Donohue, of St. Vincent's, for several days, returned to his post of duty to-day.

POLICE COURT.

John Williams, disorderly, continued.

Henry Hill, disorderly; dismissed.

George Ferguson, disorderly; fined \$3 and costs.

C. A. Clark, larceny, warrant withdrawn at cost of plaintiff.

A. Short, colored, disorderly; fined \$2 and costs.

Tom Jones, colored, was arrested and locked up this afternoon for feloniously assaulting Wash Bates, colored, last Monday. Bates was so badly injured by his assailant that he was unable to make complaint before to-day. The case will be heard in the Police Court Friday.

THE PEOPLE HAVE DECIDED.

(Washington Star.)

The people, properly speaking, decide all of these questions. They have repeatedly decided this civil service question in favor of the law. They did so in the national election of 1896, for deny it as the opponents of the law may and do, civil service reform, as then understood, and as now applied, did share in the Republican success of that year.

If the people have changed their minds about the matter they will register their decree at the polls. But until they do that, this attempt on the part of a few men to paralyze the law by Congressional enactment or force the hand of the President to the detriment of the law is without any other warrant than individual selfishness and assertion.

CUTTING DOWN EXPENSES

(Concluded from First Page.)

Robert Sheeham, from \$30 to \$25 per month.

We recommend that the clerks and purchasing agent shall be ex-officio clerk of the board without any additional compensation.

The committee recommends that the appropriations to the William and Mary College be reduced from \$15,000 to \$7,500, and the committee further suggests that in its opinion it would be wise on the part of the State to dispose of the property so that no further appropriations could be demanded from the State, on the ground that it was maintaining its own property, for the reason that under the report made to your committee they are unable to see that the work done at the institution justifies any appropriation at all.

Your committee recommends that no further appropriation be made to the Medical College of Virginia, as the condition of the State's finances will not justify any further appropriation to an institution using its own grounds and buildings free of cost, without any adequate benefit to the State, and further recommends the sale of the property as soon as it can be made advantageous.

Your committee has looked over the report of the Virginia Normal and Collegiate Institute and scrutinized it very closely, and deem it best to make no change in the appropriation, as that report shows a most economical expenditure of the State appropriation.

We respectfully recommend that the appropriation to the State Female Normal School at Farmville, be continued at \$15,000, as we are satisfied from our investigation that this institution is doing excellent work upon the most effective and economical basis. We recommend that the appropriation of \$2,500 for building purposes be discontinued.

We recommend that the appropriation to the University of Virginia be reduced from \$50,000 to \$40,000. Of the appropriation now made to the university \$17,220 is required to be used to pay the interest on the debt due by said university, and we are satisfied that the board of visitors, by the practice of rigid economy, can get along with the appropriation recommended by this committee without impairing the usefulness of the institution.

We respectfully recommend that the appropriation of \$15,000 to the Virginia Polytechnic Institute at Blacksburg be continued, as we believe it is an institution doing most excellent and commendable work. We further recommend that the Department of Agriculture under the management of the Commissioner of Agriculture and the Virginia State Board of Agriculture be abolished, and that all the minerals, laboratories and other appliances or property thereto belonging be transferred to the Virginia Polytechnic Institute at Blacksburg.

We further recommend that all duties pertaining to the sampling and testing of fertilizers, now required to be performed by the Commissioner of Agriculture or under his supervision, be hereafter performed by the chemist at the Virginia Polytechnic Institute, at Blacksburg, and that all fertilizer license taxes now collected by the Commissioner of Agriculture be hereafter required to be paid into the State Treasury direct.

We further recommend that the position of Register of the Land Office be abolished, and the duties thereto be imposed upon the Secretary of the Commonwealth, without extra compensation. We recommend that the position of engineer, created under section 296 of the Code, be abolished.

Your committee is of the opinion that if these resolutions are carried out, it will be a saving of at least \$50,000 annually to the State.

We recommend the adoption of the following resolutions:

Resolved by the Senate, the House of Delegates concurring, that there be printed five hundred copies of this report, for the use of Senators and the members of the House of Delegates, and that the same be referred to the proper and appropriate committees, with instructions to report bills carrying out the recommendations made herein.

Quite a lengthy debate was had in the Senate over the bill to abolish the legal holiday on January 19, and to make January 20 a legal holiday in honor of the birth of both Lee and Jackson, the former having been born on January 19, and the latter on January 21. Messrs. Norris, Orange and Mason spoke in favor of the change and Messrs. Foster, Wickham, Flanagan, Munford, Sands and Clement against it. Mr. McIlwaine proposed an amendment looking to preserving the holiday of the 19th and making January 21st a holiday also. The bill was finally referred to the committee on courts to be perfected. It was argued in opposition to the proposed change that many other States had made Lee's birthday a legal holiday, and Virginia, which led the way, should not be the first to abolish that holiday. On the other hand, it was contended that the names of Lee and Jackson were so often linked together that there should be a joint memorial day in their honor. The bill passed the House, but sentiment in the Senate seemed to be opposed to the change.

Much of the time of the House was occupied in discussing a bill to lease to Howard Hathaway and others certain ex-cult planting ground in the Rappahannock river. It was claimed by the advocate of the bill that this ground, some 500 acres, was left out of the Baylor survey, when it should have been included. It was contended by the opposition that to open these grounds out would in effect break the Baylor survey and would be setting a bad precedent. The bill was defeated.

The bill to create a State Board of Fisheries will reach the Governor tomorrow, the House amendments having been concurred in by the Senate. Already there is a big fight on for the position provided for in the bill. The presidency of the board will pay \$1,200 per year, and the secretaryship \$1,000.

Mr. Saunders' bill to require the railroad companies to fence their tracks or pay for stock killed, which passed the House yesterday came over to the Senate this morning. Mr. Flood made an unsuccessful attempt to get it on the calendar, and it was referred to the committee on roads, which is understood to be opposed to the measure.

The City Democratic Committee will meet in a day or two to fix the date for the primary to nominate city officers who are to be voted for in May. All of the candidates are in the field and there is a general desire for an early primary. Nominations are usually made in April, but it is likely that the

NEW LIGHT IN MEDICINE

Power of the Specialist in Treating Grave Diseases.

His Advantage Over the General Practitioner—How the Best Treatment May be Obtained for an Insignificant Sum.

Even a layman, who never sees a medical paper, must marvel at the great advance the science of health has made in the last few years. A decade has seen more advancement, more light, than all the seventeenth and eighteenth centuries.

This condition has been brought about very largely by the researches of specialists, who have made some particular organ of the body their special study.

How to provide the advantages of special treatment to the afflicted who have been unable to secure it, has been a problem many have tried to solve. That it is practicable has finally been demonstrated by H. H. Warner, the original proprietor of the world-famous Warner's Safe Cure.

Mr. Warner's years of experience in the treatment of kidney diseases led him to believe that equally good results could be obtained by offering the public special treatment for the several classes of disease to which mankind is liable. Since he severed his connection with the Warner Safe Cure Company, some five years ago, he has been working out his present plan, and has formed the Warner Nazaro Medicine Co.

He has completed arrangements with a number of the leading specialists of Greater New York, to give advice and treatment to people who could not otherwise avail themselves of their services. In this way special treatments will be prescribed for each class of disease, and special advice given to each patient.

Among the diseases for which special treatment can be had are, scrofula and all blood and skin diseases; nervous prostration, insomnia, chronic headaches, and all nervous disorders; rheumatism, and gout; acute and chronic catarrhs, diseases and weaknesses of women; special diseases of men; indigestion and all stomach disorders.

date this year will be some time in March.

Rev. Dr. Moses D. Hoge, who is now nearly eighty years of age, will preach less frequently. Most of the pastoral work at his church will be done by Rev. Donald Guthrie, who has been called by Dr. Hoge to be his assistant.

Col. Barley's bill providing for the liability of insurance companies was taken up by the House committee on propositions and grievances to-day.

provides that fire insurance companies shall state the estimated value of the property insured and the amount for which the company will be liable in case of a total destruction. If more than one company is interested in the policy, they shall be entitled ratably in any depreciation of property that may have occurred between the date of the policy and the loss, provided they have not taken the full risk. The depreciation has to be shown by the insurer. Mr. Howard Svineford, of this city, appeared before the committee and stated that as much as he could judge from having heard the bill read, only once, the bill was pretty fair in its provisions. He thought, however, the losses would be best adjusted by arbitration. The committee decided to report the bill favorably.

The House committee on finance met this morning in room No. 1, on the upper floor of the Capitol, with Mr. Cooke, of Norfolk, in the chair. Among the bills taken up for consideration was the one introduced by Mr. Craig, of Rockbridge, providing for a reduction of the pay of members of the General Assembly to three dollars per day and that of the presiding officers to five dollars a day. The committee, after some little discussion, decided to report the bill favorably.

The Senate committee on privileges and elections by a vote of 5 to 1 decided to report unfavorably the Senatorial primary bill.

The Senate committee on Roads tonight by a vote of 7 to 2 decided to report unfavorably the employers' liability bill.

Whooping cough is the most distressing malady; but its duration can be cut short by the use of One Minute Cough Cure, which is also the best known remedy for croup and all lung and bronchial troubles. J. M. Trotter, Norfolk; R. L. Walker, Brambleton; Truitt & Smith, Berkley.

IN BERKLEY

VIRGINIAN LETTER BOX IN BERKLEY.

All communications, advertisements, orders for the paper, or other business, left in the letter box of the Norfolk Virginian in the office of the Bank of Berkley, at Berkley Ave., will be promptly attended to if put in by six o'clock.

Mr. Wallace Gibbs will leave to-day for New York.

The town improvements are progressing rapidly.

Miss Virdie Bryn, of Petersburg, is the guest of Mrs. George G. Martin, Berkley avenue.

A number of gentlemen went skating on Dunbar's lake yesterday.

George W. Thornton, of Portsmouth, was before Mayor McCoy yesterday morning for threatening to shoot his wife. He got on a drunk Wednesday evening and went home in Portsmouth and put in his frightful appearance with threats to beat his wife, at which she came to Berkley, where she thought of getting protection from her people or friends. He followed, and soon after her arrival at her friends' house he came and frightened people so that Officer Parker was sent for. On the approach of Parker he proceeded to keep him back with his gun, but found the attempt fruitless, for Parker soon had him lying out. He was taken to the station yesterday morning had a hearing before His Honor, who gave him six months in which to get sober and stop beating his wife and stop carrying guns.

Mrs. George Williams, the guest of Mrs. B. H. Darden, has returned home. The funeral of Mr. Samuel J. Nichols, who died at his residence near Great Bridge Tuesday, took place yesterday conducted by Rev. M. W. Butler. The interment was in the family burying ground. Mr. Nichols was seventy-five years of age. His wife died a few years ago. He was a member of Berea Christian Church.

Mr. and Mrs. W. H. Brock celebrated their golden wedding at their residence on Pine street yesterday.

Warner Nazaro Medicine Company's Consulting Parlors. The Board of Specialists Diagnosing Cases and Prescribing Medicines that Cure.

This plan of special treatment places within the reach of all, the experiences of men who have devoted years of study to their respective specialties. Many diseases that have baffled the skill of the general practitioner can thus be successfully treated. Chronic cases are especially desired. The company invites correspondence from everyone suffering from any ailment from which they have been unable to secure relief. Its physicians are among the ablest in the profession, and have been marvelously successful in their practice. Do not delay. Disease does not stand still. You are daily drifting farther from the possibility of a restoration to health. The method of obtaining relief is simple. Write out a history of your case, making the statement as complete as possible. Send this to the Warner Nazaro Medicine Company, 220 Broadway, New York City, when a complete diagnosis of your case will be made by a competent specialist. If you prefer, a symposium blank will be sent you free on application, which will greatly assist you in describing your case. The well-known business ability of Mr. Warner, and the fact that he has done so much for suffering humanity in the past, are ample assurances of the genuineness of this, his latest and greatest work. Write today.

A recital will be given at Berkley Military Institute to-night.

At Washington street hall to-night a donkey party will be given by the Young People's Guild of St. Paul's Church.

To Cure a Cold in One Day.
Take Luxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25 cents.

Completely Cured, Not Patched Up!

I can scarcely describe how much I suffered with my nose and throat before I took Dr. Firey's treatment. My head was all stopped up and my throat was so sore and painful I could scarcely swallow. My throat became badly ulcerated and was very painful and swollen. I lost my appetite and my health steadily declined so that I was much alarmed at my condition. The treatment which I received before going to Dr. Firey seemed to do me no good whatever, and I was almost in despair. Under Dr. Firey's treatment I began to improve rapidly and was finally entirely cured and restored to health.

I feel that I cannot speak too highly of Dr. Firey's skill in treating the nose and throat, as I know of several others he has cured.
